

# 2016-2017 End of Year Evaluation Report

Education Trust Fund ETF

# Participant Demographics

A total of 280 adults and 4,090 youth participated in ETF funded programs. A sample of youth and adults served through program offerings completed demographic questionnaires.

#### Adult/Parent Demographics:

**Age:** Adult participants across program types (i.e., parent education, home visitation, fatherhood, and respite) had a modal age of 19.

- 15% were 18 and younger
- 18% were 19-24
- 24% were 25-30
- 28% were 31-40
- 15% were over 40

#### Gender:

- 88% of adult program participants were female
- 12% were male

#### Race & Ethnicity: Adult participants were:

- 70% European American
- 22% African American
- 4% Native American
- 4% selected "other" when asked ethnic background
- Of these participants, 7% identified as Hispanic/Latino

**Work Status:** For participants (excluding students) over the age of 18:

- 68% reported not working for pay
- 20% reported working full-time
- 12% reported working part-time

**Education Level:** For participants (excluding students) over the age of 18:

- 21% reported not completing high school
- 54% reported completing high school or GED

- 7% reported obtaining 2-year college/associate school degree
- 10% reported obtaining a trade/technical school degree
- 4% reported completing a 4-year college degree
- 4% reported completing an advanced degree

**Income Level:** For participants (excluding students) over the age of 18:

- 73% reported a gross household income of less than \$10,000 a year
- 9% reported between \$10,000-19,999
- 8% reported between \$20,000-29,999
- 10% reported above \$30,000

#### **Youth Demographics:**

**Grade:** Demographic reports from youth across program types (i.e., school-based, non-school-based, and mentoring) indicated:

- 51% were in grades 3-5
- 49% were in grades 6-12

\*Note: Youth below 3<sup>rd</sup> grade and those who participated in community awareness programs did not provide demographic information.

#### Gender:

- 54% of youth program participants were male
- 46% were female

# **Race & Ethnicity:** Youth program participants were:

- 44% African American
- 39% European American
- 2% Native American
- 2% Asian American
- 13% selected "other" when asked ethnic background
- Of these participants, 6% identified as Hispanic/Latino

## Parent Education and Home Visitation Programs

4 programs provided parent education/home visitation through hospital visits, group education, and home visits. Goals of the home visitation/parent education programs center on participant improvement in:

- Stress management skills
- Skills to manage maltreatment risk
- Understanding various forms of child abuse
- Medical care commitment
- Positive parenting skills and child development
- Positive view of one's child
- Knowledge and use of support services

These goals promote several protective factors emphasized by the "Strengthening Families™ Program."

A sample of participants (n = 353) responded to an assessment of 8 goals. Analysis of multi-item measures using paired sample t-tests revealed statistically significant (p < .001) improvements in ALL targeted areas. The effect sizes ranged from .74-1.12. The average magnitude of the effect sizes for these improvements was .95 and can be considered large (i.e. .25 small effect; .50 moderate effect; .75 large effect).

## 3<sup>rd</sup>-5<sup>th</sup> Grade Youth-Focused Programs

Youth in 3<sup>rd</sup>-12<sup>th</sup> grade around the state were served through 11 programs that included a variety of school-based, non-school-based/after school, and mentoring programs. These programs varied in their emphasis, but all were focused on reducing risks for children and enhancing their well-being by promoting the **protective factor:** social and emotional competence of children.

Program objectives for youth in **3<sup>rd</sup>-5<sup>th</sup>** grade center on:

- Social skill development
- Improved abuse awareness
- Self confidence

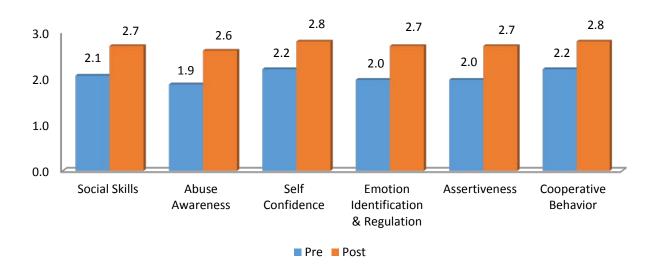

- Emotion identification & regulation
- Enhanced assertiveness
- Cooperative behavior

A sample of participants (n = 1790) responded to an assessment of 6 goals. Analysis of multi-item measures using paired sample t-test revealed statistically significant (p < .001) improvements in ALL targeted areas. The effect sizes ranged from .85-1.29. The average magnitude of the effect sizes for these improvements was 1.08 and can be considered large (i.e. .25 small effect; .50 moderate effect; .75 large) effect.

■ Pre ■ Post

The Auburn University Evaluation Team would like to express their sincere appreciation to all the ADCANP/CTF Grantee Programs for their dedication, cooperation, and conscientious efforts in gathering valid information and data that made possible this documentation of program impact in our communities and across the State. You have every reason to be proud of the difference you are making in the lives you touch. We are inspired by the work that you do!

We would also like to thank our friends at the Alabama Department of Child Abuse and Neglect Prevention-The Children's Trust Fund. We are appreciative of the ADCANP Board members, all the administrative staff, field directors, and division directors - particularly, the incomparable and inspiring Sallye Longshore, Executive Director and Tracy Plummer, Deputy Director - for their trust in us and untiring support of our team. We are grateful for the opportunity to be part of your team. It is our privilege and pleasure to work for you and with you. This has been collaboration at its best. We are invested in providing meaningful and useful information for grantees, the ADCANP/CTF staff and Board, and ADCANP/CTF funding sources that show the important benefits for participants in the ADCANP/CTF-funded programs. It is our hope that the findings of this report will be helpful in your continued efforts to expand the outreach of ADCANP/CTF-funded programs in pursuit of your mission: To Prevent Child Abuse and Neglect in the State of Alabama. Your dedication to the work of strengthening our communities by strengthening our families is unparalleled.
